Spring Programs

January - May

Early Childhood Explorations

2 & 3 year-olds

Classes meet once a week with grown-up participation required. Fee includes 1 child and 1 adult. Please register in child's name.

Discovering new ways of playing and learning together, Early Childhood Explorations provides a magical classroom-type atmosphere between grown-up and toddler that introduces toddlers to basic social skills while receiving preparation and enrichment for pre-school. Toddler and grown-up delight in theme-based participation activities such as art, movement or motor development skills, all serving as tools to stimulate brain and language development, listening and social skills, as well as strengthening fine motor coordination and spatial awareness. Playful class size is limited, so please sign up early.

Happy Feet

Designed to be a fun, first time exposure to dance and movement, young dancers will explore motor skills such as hopping, jumping and skipping while discovering the basic positions of the body and dance terminology. Children develop and strengthen communication skills through movement and experiment with spatial awareness, rhythm and coordination, all set to entertaining music. Attire: Dance tights and leotard, dance pants and a t-shirt, any appropriate exercise clothing. Ballet shoes are suggested.

Program	Days/Time	Dates	Member / Non-Member
2 yr-olds	TUESDAYS 9:15am - 10:00am	Session 1: 1/14 - 2/4 Session 2: 2/11 - 3/4	\$34 / \$54* *Prices are per individual session
3 yr-olds	TUESDAYS 10:15am - 11:00am	Session 3: 3/18 - 4/8 Session 4: 4/15 - 5/6	

Little Picassos

Using a variety of mediums to create mini playful processes and masterpieces, toddler and grown-up share the "process" of art as a stimulus to engage discovery and become familiar with various art mediums, such as painting, collage, fiber art and building with clay while squishing, mixing, tearing and swirling. Adult and child further delight in participating with many ordinary and extraordinary process activities that help develop fine motor development, attention and concentration, cause and effect, sound recognition and beginning social skills. Additional activities include, but are certainly not limited to, lacing, simple stacking and building, matching and memory multi-sensory activities. Leave the "messy" with us but painting clothes are recommended.

3 yr-olds	THURSDAYS 10:15am - 11:00am	Session 3: 3/20 - 4/10 Session 4: 4/17 - 5/8	

Kidz Yoga is a physical activity that's playful and non-competitive, and helps provide positive self-esteem, while cultivating positive thinking, generosity, and love for oneself and all living creatures.

Through storytelling, music, games, fun breathing exercises/visualizations, and yoga postures that are done individually or with a friend, it enhances children's flexibility, strength, body awareness, concentration and calmness.

The children connect with the planet's natural elements, feel steady and strong as a "Mountain", silent and still as a "Rock", roar with "Lion's Breath", and pretend to be flying with open wings in "Twisting Dragon".

KinderReady Workshops

4 & 5 year-olds

KinderReady workshops magically provide captivating learning games and activities to improve reading readiness and comprehension while refining children's fine motor skills in an environment that fosters creativity and promotes self-expression. Encouraging the love of books and presenting a different theme each week, children delight in playful and engaging activities such as sing-a-longs, art projects and interactive lessons through dramatic play, and squishing, sorting, mixing, swirling, collecting, sorting or building. Every other week, children will delight in a hands-on curriculum, *All About ME (Manners and Etiquette)*, written and presented by author Carolyn Gray, a certified professional coach, certified personality trainer, mediator and author, who, with enthusiasm and passion, instructs children in simple manners and etiquette, while building positive self-esteem. During the alternate week, children will further delight in creative movement involving hula hoop dancing, yoga and other introductions to age-appropriate exercises and theatrical or musical interpretations facilitated by various dance and movement career professionals. Workshops will provide ideas and information for parents on making the transition into kindergarten easier for you and your child! Meeting Wednesday or Thursday for 3 hours, class size is limited so sign up early.

Children must be 4 years old by January 1, 2014

..... **COST PER SESSION: Members \$54 Non-Members \$74**

Themes: *Monsters Don't Eat Broccoli; If You're A Monster and You Know It; Dragons Love Tacos; Secret Pizza Party.*

Session 1

WEDNESDAYS
1/8-1/29 - 9:00am - Noon

THURSDAYS
1/9-1/30 - 9:00am - Noon

Themes: *Bears Feel Scared; Valentine's Day; Anything Is Possible; Dr. Seuss' Birthday.*

Session 2

WEDNESDAYS
2/5-2/26 - 9:00am - Noon

THURSDAYS
2/6-2/27 - 9:00am - Noon

Themes: *Jenny Giraffe Discovers the French Quarter; The Night Before St. Patrick's Day; Extra Yarn.*

Session 3*

WEDNESDAYS
3/5-3/26 - 9:00am - Noon
(No class 3/12)

THURSDAYS
3/6-3/27 - 9:00am - Noon
(No class 3/13)

3 WEEK SESSION
Members \$44
Non-Members \$64

Themes: *Those Darn Squirrels; The Only One Club; Happy Easter Mouse; How Full Is Your Bucket?*

Session 4

WEDNESDAYS
4/2-4/23 - 9:00am - Noon

THURSDAYS
4/3-4/24 - 9:00am - Noon

Home & After School

5 to 8 year-olds

Simply Science

Discover science magic tricks while exploring physical and chemical properties of different elements, compounds and mixtures performing different slimy, fizzy and gooey experiments. Discover answers to science questions like "Why does the moon keep following me?" while exploring our solar system, touching base with a few insects, dinosaurs and mammals or discovering all about "you."

Program	Days	Date	Time	Member / Non-Member

Session 4	4/15 - 5/6	TUESDAYS	1:00pm - 2:30pm	\$54 / \$74

ARTrageous Workshops

Combining culture and assorted themes, such as rain, masks, dragons and more as the premise for design, this artistic and tactile journey explores various ways to "express" the chosen themes using different mediums such as collage, printmaking, papier-mache, hand-building with clay, creating with recycled treasures and experimenting with acrylic and watercolor paint and other embellishments to complete the projects, while experiencing a high-energy, interactive hands-on approach to art. Class cannot combine ALL of these mediums. Chosen culture and themes will determine mediums to be explored and implemented.

Program	Days	Date	Times	Member / Non-Member
Session 1	1/15 - 2/5	WEDNESDAYS	10:00am - 11:30am 4:00pm - 5:30pm	\$67 / \$87
Session 2	2/12 - 3/5	WEDNESDAYS	10:00am - 11:30am 4:00pm - 5:30pm	\$67 / \$87
Session 3	3/19 - 4/9	WEDNESDAYS	10:00am - 11:30am 4:00pm - 5:30pm	\$67 / \$87

Brainy Yak-Filling a Parent's Toolbelt

Join Brainy Yak on the third Tuesday of every month beginning in January at 10:30am for a 15-minute "filling a parent's toolbelt" providing hands-on readiness activities to empower parents in easing children's transition into Kindergarten. Visit brainyyak.blogspot.com

January 21th:

Come join us, Brainy Yakkers! We're going to grab a wordless book and make our own story together! Come be authors with us!

February 18th:

Let's sequence a story together! Brainy Yakkers, come listen to a story and help us put the story parts in order. Parents, this is a great activity to help your child understand that things and events happen in a certain order. It's a great activity to try at home, too!

March 18th:

We're back with another sequencing activity with a different story! Please come help us put everything back in order, Brainy Yakkers! We can't wait to learn with you!

April 15th:

What is in the bag, Brainy Yakkers? Come help us ask questions to find out what is inside the Brainy Bag! Parents, this is a great activity to help young children learn how to ask a question to gather information. We need your help to figure out what is hiding inside the bag!

Yoga means "union" of mind, body and spirit, and of all living creatures. This class is great for beginners and intermediate practitioners. It promotes and improves overall well-being through physical postures that stretch and strengthen the muscles, and breathing and relaxation exercises that calm the mind and reduce anxiety and stress..

8:30am - 9:30am	Session 1:	MONDAYS	THURSDAYS	\$69 / \$89*
	Session 2:	1/13 - 2/3 and 2/10 - 3/3	1/15 - 2/5 and 2/12 - 3/5	
	Session 3:	3/17 - 4/7 and 3/19 - 4/9		
	Session 4:	4/14 - 5/5 and 4/16 - 4/11		

*Prices are per individual session
FREE child care during class!

SPRING bREaKation

March 10th-14th
Spend your holiday at the museum!

Discovery Workshops

4 and 5 yr-olds

Especially designed for 4 year-olds (or young 5's), children explore new topics each day presenting hands-on activities to excite and develop a young child's imagination through dramatic play, squishing, sorting, mixing, swirling, collecting or building. Class meets Monday through Thursday only. No class on Friday.

Monday: Princess and Pirate Play

Focusing on creative and imaginative play, pirates make hats, masks, necklaces and cardboard box pirate ships while princesses make wands, create and embellish wings and imagine life as a princess constructing a cardboard box castle.

Tuesday: A Circus Life for Me

Make a clown hat while delighting in clown face painting with a professional clown and discovering how to make different balloon sculptures. Eat popcorn while creating and embellishing art activities naturally found under the "Big Top."

Wednesday: Super Heroes

Super Heroes have captivated the imaginations of children for many years. Young super heroes decorate their own capes and masks, play familiar games to discover interesting facts about well-known super heroes and make special "super power" snacks.

Thursday: A Box of Ideas

The creative ideas are endless... if you give a child a box. Our curriculum embraces the creative process using simple cardboard boxes to create individual vehicles for imaginative travel and play.

LUNCH BUNCH

A supervised time for any child attending either morning and afternoon classes or staying all day. Campers must supply their own lunch. Cost: \$15 for the week.

Creative Workshops

5 & 6 and 7 & 8 year olds

ARTrageous Workshop

Creating a new project everyday using various mediums, such as watercolor, acrylic painting, printmaking, clay and mixed media collage, the young artist, serious about love for art and having fun, will journey through a high-energy, interactive hands-on approach to art, language and culture.

Sizzlin' Science

With curriculum designed by Harvard educators and scientists, *The Magic School Bus* leads a journey to discover science magic tricks and explore the physical and chemical properties of different elements, compounds and mixtures. Discover answers to science questions and perform different slimy, fizzy and gooey experiments. Have a great time exploding...rather, exploring science. So, as Ms. Frizzle would say, "Wahoo! Get out there and explore."

WeDo™ Robotics

Designed for the early elementary learner, WeDo™ is an easy-to-use system that introduces boys and girls to robotics. Children build LEGO® models featuring working motors and sensors, then program their robot models to write stories, solve problems or create innovative projects. Curriculum is designed to develop skills in science, technology, engineering and mathematics.

E.A.R.L.Y Robotics (Engineering And Robotics Learned Young)

This program introduces 7 to 11 year-old boys and girls to engineering, while developing a strong understanding of the basic fundamentals of building and mechanical principles. Students build robots and realistic motorized models from LEGO™ kits in a team-building atmosphere. Teams select pilots to operate the robot motors using basic on/off switches to manipulate through given obstacles and challenges to help complete missions. Student engineers gear up for a friendly competition. Class size is limited. Early (no pun intended) registration is suggested.

Robotics

LEGO® Frenzy

4 year-olds

Designed to delight 4 year-old boys and girls, Lego® Frenzy provides opportunities for children to learn the basic concepts of building such as balance within structures, ways of building structures and stability by building different models to help strengthen design development and problem-solving skills. Children build their own animals within four different themes and, using the popular play theme of travel, children take their first steps into science and technology discovering machines, the tools used to work on those machines and their functions. Curriculum is presented to engage children in enhancing their gross motor skills and problem-solving skills while improving communication skills. We like to keep this simple but challenging for young hands and minds.

Members \$99 Non-Members \$119

*Prices are per individual session.

TUESDAYS
9:00am-10:30am

Session 1: 1/28 - 3/4
Session 2: 3/18 - 4/22

LEGO® Frenzy and Beyond

5 & 6 year-olds

Designed to delight boys and girls 5 and 6 years-old, Lego® Frenzy and Beyond provides opportunities for children to explore advanced concepts of building. While discovering energy, buoyancy and balance, children explore pulleys, levers, gears, wheels and axles by building simple models like a seesaw, raft and more. Students are introduced to the WeDo™ Kits from LEGO® Education where they build and program robotic models with encompassing various theme-based activities. We like to keep this simple but challenging for young hands and minds.

Members \$99 Non-Members \$119

E.A.R.L.Y. Robotics

(Engineering and Robotics Learned Young)

7 to 11 year-olds

E.A.R.L.Y. Robotics is a program introducing 7 to 11 year-old boys and girls to engineering, while developing a strong understanding of the basic fundamentals of building and mechanical principles. Students build robots and realistic motorized models from LEGO® kits in a team-building atmosphere. Teams select pilots to operate the robot motors using basic on/off switches to manipulate through given obstacles and challenges to help complete missions. Student engineers gear up for a friendly competition. Minimum of 6 students for class to make as scheduled. Early (no pun intended) registration is suggested.

Program	Days	Date	Times	Member / Non-Member
Morning	1/30 - 4/10 (No class 3/13)	THURSDAYS	9:00am - Noon	\$149 / \$169

The afternoon time slots are scheduled for a longer session to equate the same amount of instructional time as the three-hour session.

Afternoon	1/30- 5/15 (No class 3/13)	THURSDAYS	1:00pm - 3:00pm or 4:00pm - 6:00pm	\$149 / \$169
-----------	-------------------------------	-----------	---------------------------------------	---------------

*Students will be placed in groups according to their beginning or advanced knowledge or experience. The experience level curriculum will be used accordingly.

Advanced E.A.R.L.Y. Robotics

7 to 11 year-olds

Designed for the students who have previous E.A.R.L.Y. robotics experience from other qualified programs and/or have participated in E.A.R.L.Y. competitions, this program challenges students to work more quickly through the curriculum and take strategies to the next level. The curriculum will encompass more design and challenging missions.

Registration

One registration form per child.
Registration forms with incomplete or inaccurate information cannot be processed.
Always select an alternate class in the event your first choice is not available.
Fax registrations forms to 281-465-0956

Cancellations, Exchanges and Refunds

Each registration with payment is considered a confirmed registration.
Registrations are not transferable from one child to another.

Please be advised that The Woodlands Children's Museum reserves the right to cancel classes in the event our classes do not meet a minimum requirement. Patrons will receive a full refund. We appreciate your understanding.

Patrons who desire or need to cancel a registration will receive a 50% refund of the cost if notification is received at least 5 working days before class begins.

There are no refunds for registration cancelled or dropped less than 5 working days before class begins.

To receive a 50% refund, patrons must notify The Woodlands Children's Museum in writing (fax, mail or e-mail) or in person at The Woodlands Children's Museum no less than five working days prior to the first day of class.

Holiday Hours

CLOSED - Sunday, Apr. 20 Easter

OPEN MONDAYS

Jan 20 - MLK Day

Feb 17 - President's Day

May 26 - Memorial Day

Summer hours begin!

Frequently Asked Questions

Q: Is the museum a non-profit organization?

The Woodlands Children's Museum is a registered 501(c)3 non-profit organization. Gifts are tax deductible to the extent allowed by law.

Q: Can you accommodate my child with special needs?

We are happy to accommodate children with special needs. In order for us to be able to help your child have an enjoyable experience with us, we ask that you notify us of your child's needs, prior to your child's first day of camp. Please help us help your child by notifying us of any allergies, accessibility concerns, behavioral, psychological, emotional conditions or other special needs. The Museum is NOT responsible for administering medication to children. Please consult a pediatrician about altering the child's dosage so that medication can be administered outside of our program.

Q: What are the qualifications of your teachers and assistants?

All of our teachers are qualified teachers and/or professionals in their field.

Q: How are children supervised?

Parents or guardians are required to physically bring their child(ren) into the museum. Children are supervised at all times and escorted on bathroom breaks. Please update emergency contact information if it should change.

Q: May parents stay in the classroom?

Our programs promote independent learning and socialization. If you feel that your child is unable to remain in class without you for more than a few minutes, we suggest waiting a year before sending him/her to our programs. Parents are required to sign out their child(ren) at the end of class.

Q: Who can I contact during the day if I need to leave a message concerning my child?

Please call The Woodlands Children's Museum at 281-465-0955 and a staff person will deliver your message to the appropriate person.

Q: How should my child dress for the classes?

The best choice is comfortable clothes that may get messy, closed-toe shoes and a sweater, as the classrooms can get cool. Please do not allow your child to wear shoes with rollers.

Questions or Concerns

Contact us at 281-465-0955 Monday through Friday
from 9:00 am to 4:00 pm or
museum@woodlandschildrensmuseum.org

We believe that in the life of a young child it is the process that is more important than the product. The process of experimenting with various materials, the exploration of different techniques and the discovery of how it all comes together nurtures positive self-esteem and self-confidence while providing a more well-rounded experience.

Release and Consent

Although TWCM hopes that no student is ever injured or hurt, injuries are a possibility of participation in the Class. The risk of injury is a risk that the student and legal guardian(s) voluntarily agree to assume in exchange for the privilege of registering for and participating in the Class. The student and their guardian(s) understand and agree that this risk is not a risk that TWCM assumes and that TWCM is not responsible for any injuries to the students. Accordingly, _____ (the "guardian"), the legal guardian of _____ (the "student") voluntarily releases TWCM and their directors, officers, employees, volunteers, agents and all persons acting by, through, under or in concert with TWCM (collectively, the "Released parties") from any and all losses, demands, claims, suits, causes of action, liability, costs, expenses and judgments whether arising in equity, at common law, or by statute, under the law contract, torts, or property, for personal injury (including without limitation emotional distress), arising in favor of the guardian or the student based upon, in connection with, relation to or arising out of, directly or indirectly, the student's participation in the Class (collectively, "claims") AND EVEN IF ANY SUCH CLAIMS ARE DUE TO RELEASED PARTIES' OWN NEGLIGENCE, STRICT LIABILITY WITHOUT REGARD TO FAULT, VIOLATION OF STATUTE OR OTHER FAULT. The guardian and student hereby give their permission to the Released Parties to obtain emergency medical treatment for the student if the Released Party deems in its discretion that such emergency medical treatment is necessary. The student and the guardian acknowledge and agree that any photos, videos or pictorial images including those of student taken or created by Released Party (including without limitation any taken by any photographer or videographer paid by or volunteering to the Released Party) during or relating to the Class are the sole property of TWCM and may be used in further publications or promotions, advertisements and exhibits of TWCM (or any other person authorized to use such images by TWCM) without the need of any additional permission form or consideration to the student or guardian.
